Unitus Community Credit Union Launches Mobile Site

Portland, Ore. (June 17, 2009) – To keep up with the ever-growing information age Unitus Community Credit Union recently launched its first mobile site to provide members 24-hour access to current products and services, including: locating branches, texting to find ATMs, viewing current rates, promotions and membership. Unitus is the first credit union in the area to provide its members with an informational mobile site.

The mobile site can be accessed at unitusccu.com by any web-enabled device. Regardless the location, the mobile site allows its users to stay connected to the credit union and more easily contact Unitus by providing interactive phone numbers and Web links.

Unitus partnered with Copious to develop the mobile site. Copious, a Portland based agency, is a full-service interactive agency that specializes in effective brand, interactive and marketing communications. For information about Copious visit copiousinc.com.
